

GLAMOUR-ESTHER SVN

Gender: Mare
Birthdate: 2011
Height: 1.68m
Level: Z2 dressuur
Studbook: Array
Colour: Chestnut
Breeder:
Stud fee:

Totilas-daughter out of O.Esther, dam of three Grand Prix horses.

We can state of Glamour-Esther SVN that she belongs to the crème de la crème of Dutch dressage breeding. Sire Totilas requires practically no further explanation. The three-times world champion and multiple record breaker gave a new dimension to the dressage sport with Edward Gal and nowadays he is well on his way to achieving this in breeding too.

And what about dam O.Esther, an elite, preferente, prestatie mare? This Jazz-daughter, bred by the late Huub van Helvoirt, is one of just ten broodmares registered with the KWPN that have ever produced three Grand Prix offspring! And with O.Esther these three are currently competing at the highest level. During the 2019 Amsterdam Grand Prix her offspring Aster de Jeu (Tosca Visser) and the very successful Brother de Jeu (Antonia Ramel) competed against each other. And finally, there is also Esther SVN, born in 2009, who is also competing at Grand Prix-level. Furthermore, O.Esther produced the Small Tour horses W.Esther de Jeu and Zafriq de Jeu along with various other remarkable sports horses, including our Glamour-Esther SVN who holds the predicates sport dressage and keur.

Also very worth mentioning is Glamour-Esther's great-granddam Esther (s. Amor). The foundation mare of this top-line is the dam of the well-known Grand Prix horses Sister de Jeu (Edward Gal) and Thriller (Katja Gevers). Both have Gribaldi as sire who, in turn, is the sire of the famous Totilas. Glamour was awarded 80 points both for exterior as for movement during the studbook licensing in Boyl.

We part-own Glamour Esther SVN together with her breeder Stal van Nobelen.
